No A3 C 840/43-44

Office of the Deputy Commissioner,
Kadur District,
Dated, Chikmagalur, 16th January 1944

To

The Secretary to the Government of Mysore,
Law Department, BANGALORE

Sir,

With reference to your letter No L 6986 dated 15th January 1944, I have the honour to forward herewith a copy of the note submitted by me to the Dewan

In this connection I am informed that donations to the extent of Rs 25,000/- have been promised and that most of the amount will be collected by about the end of this month The Tarikere Town Co-operative Stores proposed to donate about Rs 3,000/- out of the profits earned by them during the last three months by the sale of controlled commodities to the public of the Taluk

By the levy of tolls, professional tax, octroi on timber I find on an examination of the accounts of the Municipality recently, that nearly Rs 2,000/- extra can be realised The Municipal Councillors are eager and they are prepared to levy more tax or enhance the existing taxes so as to provide for the expenditure for running the High School I will be submitting detailed proposals as soon as at least Rs 20,000/- are realised and kept in the Savings Bank deposit

There is one small error in the note which I have submitted to the Dewan I have noted that the building where the High School can be housed belongs to the Forest Department, not I understand that it is the property of the Railway Department

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Kadur District 16-1-44

A NOTE ON THE TANJORE MUNICIPAL HIGH SCHOOL

The financial position of the Municipality during the last three years is as follows -

	Budget for 43-44	Actuals for 42-43	Actuals for 41-42	Actuals 40-41
Income	45,828	35,443	34,578	39,218
Expenditure	43,966	35,508	43,029	39,065
Normal Income	28,238	29,998	30,200	35,375
Normal Expenditure	27,468	26,383	27,682	29,295

It is seen ~~from the~~ from this that the normal income of the Municipality is well within the normal expenditure and that the margin between the normal income and normal expenditure is small and inadequate for meeting the recurring charges of a Municipal High School which amount to about ₹ 2,000/- per annum The Municipality will have to find ways and means for meeting this extra expenditure and they have proposed to levy tolls and impose professional tax and octroi or timber It is expected that these levies will fetch not less than one thousand rupees per annum The Municipal President with whom I had a discussion proposed that with a little adjustment in the budget the Municipality will be able to provide all the funds required for running a High School But the Municipality has to finance a costly drainage and slum clearance scheme No satisfactory water supply scheme has been evolved for Tanjore Town I am therefore of opinion that the Municipality may not be able to contribute more than ₹ 1,000/- or ₹ 1,500/- at the most for some years towards the recurring charges of the High School, if they have to see to the early completion of the drainage and slum clearance schemes and water supply scheme The drainage and the slum clearance schemes are under progress

Further the Municipality will have to contribute or find money for the following -

(a) Deposit of ₹ 5,000/- to ensure the financial stability of the School (b) Meeting half the cost of the initial equipment 3,000/- (c) providing a school building The School building will cost at least 25,000/- and usually the Government will

the Government will bear one third of the cost so the Municipality will have to find ₹ 16,000/- for the school building The Municipality has not got adequate closing balance as the estimated closing balance for the year 43-44 will be about ₹ 3,000/- and not part of the closing balance ~~xxxx

In this connection, it was suggested by the Deputy Director of Public Instruction, with whom I had a discussion, that a private High School aided by the Municipality may be opened and that such a High School will be cheaper to run and that it may even be remunerative, just like many private High Schools in Bangalore and Mysore Cities

Sir,

With reference to the correspondence ending with your letter No A3 c 840/43-44 dt 16-1-44 re the establishment of a mid high school at Tamkuu, I am directed to request you to send very early the detailed proposals on the subject as promised by you in para 3 of your letter, ~~more recently~~ ~~enumerated~~

I have etc

for

Secretary to Govt

for the High School at Arsikere As the resolution has been passed recently, it has not yet been submitted to Government and it will be submitted to Government shortly by the President Kadur District Board for sanction. If this proposal of the District Board is sanctioned the Municipality will have to make provision annually for about Rs. 2,000/- The Municipal Council, Arsikere have taken action to improve their finances by the levy of various taxes with a view to meet the recurring charges of the High School Octroi on timber and taxes on profession and trades have been imposed They are also taking action to levy tolls on vehicles entering the town . The recent revision of the house taxes has also brought in a little extra money to the Municipal Council The annual average income of the Municipality has been hitherto about Rs.30,000/- and the normal expenditure has been about Rs.25,000/- Therefore the Municipality can afford to meet the extra expenditure of Rs.2,000/- without any difficulty even after meeting their statutory obligations The levy of tolls on vehicles particularly will provide the Municipality with at least Rs. 1000/- annually, even if approximately half the maximum rates for tolls are brought into effect Further as more donations will be collected it will be ultimately possible to lessen the burden on the Municipality to a very considerable extent The people are so keen about the High School that when once it is sanctioned more donations will be flowing

Out of the sum collected a sum of Rs.5,000/- will be kept in the Savings Bank Fixed Deposit or the Savings Bank Deposit for ensuring the financial stability of the School Another sum of Rs.5,000/- will be utilised towards the initial cost of equipment if the Municipality is not inclined to contribute anything The remaining sum of Rs.25,000/- will be earmarked for the construction of the building If sanction is accorded the High School may be started from the academical year 1943-44 with Ist year class only IInd and IIIrd year classes being started during the subsequent years As in case of other Municipal High Schools if Government are pleased to sanction a grant towards non-recurring charges amounting to Rs.5,000/- per year during 44-45 and 45-46, the burden on the Municipality will be lessened If further, some amount is granted by the Government in token of their appreciation of the keenness evinced by the public of Arsikere Taluk, towards the construction of the building the money saved out of the donations collected can be used for meeting the recurring charges of the High School I may add in that the establishment of the High School here will in no way affect the newly started High School at Sirur, which is already overcrowded

As regards the location of the High School, pending construction of the building, it is seen that the Municipal Town Hall may be temporarily used for conducting classes with some alterations, for the first years by which time it is hoped that the new building will be completed

Copy of the resolution of the Municipality in this connection agreeing to the establishment of the Municipal High School and to meet the recurring charges and stating that provision of Rs.2,000/- will be made for the next year in the budget is enclosed for kind perusal

In these circumstances, the need for a Municipal High School is very keenly felt and I request you to obtain sanction of Government for the establishment of a Municipal High School at Arsikere

I have the honour to be,
Sir,
Your most obedient servant,
Sd/- G.T. Nagaraja Rao,
Deputy Commissioner,
Kadur District

Copy of the above is forwarded with compliments to the Secretary to Government Law Department, Bangalore for information

Deputy Commissioner, Kadur District

13

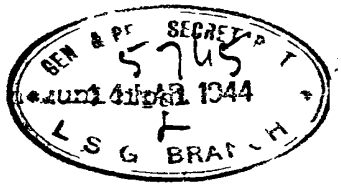
No M3 840/43-44

Office of the Deputy Commissioner,
Kadur District,
Dated, Chikmagalur, 9th March 1944.

To

The Director of Public Instruction in Mysore,
Bangalore

Sir,



Subject:- Re: the establishment of
High School at Tarikere

With reference to reminder No L 8990/41 dated 27th Februar 1944 from the Law Secretary, regarding establishment of a Municipal High School at Tarikere, I have the honour to forward herewith detailed proposals for the same

The Minister for Education when he was pleased to visit Tarikere recently stated that at least Rs 50,000/- will have to be deposited by the public of Tarikere for the building, equipment, and towards funds necessary to ensure the financial stability of the High School The Sub Division Officer, Tarikere reports on the 7th March 1944, that a sum of Rs.21,472/- has been recovered and deposited in the Savings Bank Account and that Rs 9,000/- more have been promised and will be recovered within the next few days and that Rs 33,000/- will be deposited before the end of this month I have no doubt that this amount will be deposited before the end of the current month

Tarikere Taluk has now Middle/ Schools at the following places as follows -

1 Tarikere Kannada Middle School, Tarikere (2) Urdu Middle School, Tarikere (3) Singadahalli Middle School (4) Lakkavalli Middle School (5) Ajjampur Middle School (6) Shivani Middle School (7) Hollapur Middle School and (8) Kudlur Middle School

It is likely that many more Middle Schools will be opened in the near future More than 20 students from Tarikere are going every day to Bhadravati to prosecute their studies in Bhadravati High School Many more boys are studying at various High Schools throughout the State To me there seems to be no doubt that at least 50 to 60 students every year out of those who pass the Middle School Examination will join the proposed High School at Tarikere to prosecute their studies further As most of the people at Tarikere are poor and most of the boys, are obliged to discontinue their education after passing their Middle School Examination. The public of Tarikere have been agitating from a long time for a High School, but on account of poverty they were not able to collect the donations for starting the school The present favourable financial situation has enabled them to collect within the last one and half months practically the whole of the sum now in the deposit It is proposed to collect in all Rs.40,000/- or even more and this sum will be forthcoming readily if a High School is sanctioned early

As regards the amount necessary for running the High School it is seen, that deducting the Government grant, a sum of Rs.2,000/- to Rs.2,400/- will be required annually for running the High School when the full strength is reached Kadur District Board have recently resolved to contribute a sum of Rs 600/- for a period of five years

Encls

OFFICE OF The Deputy Commissioner,
Kadur District, Chikmagalur

Date 10th April 1944

To

The Secretary to Government —
Law Department—Bangalore.

Sir

In continuation of my letter No A3 C840/43-44 dated 17 3-1944 regarding Municipal High School at Tarikere I have the honour to forward herewith a copy of the letter No T.C 8/43-44 dated 6th April 1944 from the Municipal Ham President, Tarikere Town Municipal Council and to state that the Government may kindly be pleased to sanction a grant of at least 1/3 of the estimated cost of the building as prayed for by the High School Committee.

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Kadur District

12.

Letter No C C.No.3/43-44 dated 6th April 1944, from the the President, Tarikere Municipal Council, Tarikere to the Deputy Commissioner, Kadur District, Chikmagalur.

Subject:- Municipal High School at Tarikere.

In continuation of my report No C.C.3/43-44 dated the 19th November 1943, regarding the opening of a Municipal High School at Tarikere this year, I have the honour to enclose herewith a copy of the resolution of the High School Committee adopted in their meeting held on 2-1-44 and to state that as prayed for by the Committee a recommendation may kindly be made to Government to kind sanction a grant equal to at least 1/3 of the cost of the building, as in the case of many other similar institutions in the State and that the Committee hopes to meet the remaining 2/3 of the estimated cost in addition to the sum of Rs.5,000/- required as security and Rs.3,000/- required for the equipment out of the donations they have already realised. The Committee has got a sum of Rs. 22,122/- at their credit in the Taluk Treasury at present. Out of this they are prepared to deposit Rs.8,000/- at the disposal of the Education Department and the balance will be available for construction purposes. For the promises of donation amount to Rs.11,000/- which they hope to collect within a course of a few days.

I request that the Government may kindly be moved to be kind enough to sanction grant of at least 1/3 of the estimated cost of the building as prayed for by the committee.

Further the Municipal Council have kindly agreed to give the use of the entire Town Hall building with its four rooms for holding the High School and this accommodation is considered to be quite adequate for the purpose during the first year when there will be only two classes if the proposal of the Committee to open the second year class also is sanctioned. The hall will be divided into two portions by an wooden screen, one portion may be used for one class and the other for the ~~reading~~ reading room and library. The four rooms though small in size can be used for very junior classes, science classes and the Head Master's office and other purposes. The Municipal Council have agreed to shift their offices to a rented building nearby and place the entire building for the use of the high school. If any further accommodation is considered necessary, the same will be provided easily by engaging one of the two buildings under construction by Messrs M. Srinivaiah and Muralidharappa in front of the Town Hall and these are nearing completion.

The Committee further requests that arrangements may kindly be made to start two classes of the 1st and 2nd year immediately as a large number of students are expected to apply for seats in both the classes this year.

In view of the above arrangements, I request that sanction of Government may kindly be obtained to start the working of the Institution after the summer vacation with the re-opening of the schools and orders for necessary equipment and furniture may also be placed.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE

GEN & REV SECRET RAT
8073
21 JUNE 1944
L S G BRANCH

READ -

Correspondence ending with letter No D1-2864-338 of 43-44 dated 4th April 1944 from the Director of Public Instruction in Mysore, submitting proposals for the opening of a Municipal High School at Tarikere

ORDER NO 8 6094-6 En 161-43-4

Dated, Bangalore, the 6th June 1944

The Public of Tarikere have been urging for the opening of a High School at the place. The Deputy Commissioner, Kadur District, has reported that the Municipal Council, Tarikere, have resolved to bear their share of the recurring charges to the extent of Rs.2,000 per annum and that the local public have collected a sum of Rs.21,472/- by way of donations and that the same more funds raising the total amount of donations to Rs 32,000/- are expected

Out of the donations a sum of Rs 5,000/- is proposed to be earmarked towards the initial deposit for ensuring the financial stability of the Municipal Council and Rs.3,000/- towards the managements' share of cost of initial equipment and the balance of Rs 25,000/- towards the cost of construction of a new building for the school.

The District Board, Kadur, have also resolved to contribute a sum of Rs 500/- per annum towards the maintenance charges of the school for a period of five years

The Director has recommended the opening of a Municipal High School at Tarikere with effect from the academic year 1944-45, with the first year class, the second and third year classes being opened in 1945-46 and 1946-47 respectively, locating the same temporarily in the local Town Hall pending construction of a new building for the purpose

Government are pleased to sanction the opening of a Municipal High School at Tarikere with effect from the academic year 1944-45 as recommended by the Director, but subject to the condition that the continuance of the High School will depend on the public collecting sufficient amount to meet the full cost of the building and the Municipal Council, Tarikere improving their resources to meet their quota of recurring expenditure.

OFFICE OF THE L. S. G. BRANCH
FOR L S
Dt 8 6 1944
No 8539

Year.	Class.	Recurring.	Non-recurring.
1944-45	I Year	Rs 960/-	Rs 1,500/-
1945-46	I & II years.	" 980/-	" 1,500/-
1946-47	I, II & III Years.	" 1884/-	-

The Government share of the cost towards recurring and non-recurring charges is as noted in the margin and is also sanctioned.

The cost during 1944-45 will be met out of the provision made for opening new Municipal High Schools and necessary provision for the purpose will be made in the budgets of 1945-46 onwards

A statement showing the approximate expenditure of the school income from fees based on a strength of 40 pupils per class, the contribution to be paid by the Municipality and the Government grant payable, is appended.
